NOTES: The following notes apply to all available courses:

1. A preset minimum number of participants are needed to conduct courses at these prices. If insufficient numbers are registered, classes may be canceled, postponed, or offered at a higher price. **The preset number for most classes is 10**, with training at our Reno Training Center or other local sites. Cut-off dates for cancellation/postponement are 48 hours in advance of the first scheduled day of the class.
2. **For all refresher courses, you MUST bring a copy of your current certificate.** Your refresher course certificate cannot be issued until we have a copy of your current certificate.
3. Courses can be scheduled for the convenience of our clients at your facility and/or time schedule. Contact Tina Vellone at (775) 827-2717 to make arrangements. These courses are offered for the continuing education benefit of employees and to assist employers to meet regulatory requirements.
4. Courses on this catalog are conducted either by WISE exclusively or in cooperation with other training entities listed below. Some Asbestos courses are conducted with the Asbestos Institute the course sponsor.
